Dear Ganesh Khekare,

Thank you for submitting your paper to 2nd International Conference on Integrated Circuits and Communication Systems (ICICACS - 2024). We regret to inform you that unfortunately the submitted paper does not satisfy the IEEE conference requirement and we have to REJECT your paper id: 551, Title: Enhancing Fake News Identification Integrity Using LSTM and XGBoost.

Technical Committee Comments:

1. This paper lacks research novelty.
2. The research review topic is meaningful but the technical contributions of this paper are trivial.
3. There is a lot of existing work on the application of such models and extensive publications are available too.

Thanks and regards
Organizing Committee
ICICACS-2024
